Dear Dr Roberts

## **Aurizon Network - Response to Stakeholders' Submissions (Nov 13)**

I am writing in relation to the QCA's request for submissions on Aurizon Network's Response to Stakeholders' Submissions. Glencore Coal will not be providing its own separate submissions in relation to this document. However, Glencore Coal has participated in a process facilitated by the Queensland Resources Council to develop a response to the Aurizon Network submissions and supports the submissions which have been made by the Queensland Resources Council on behalf of industry.

Yours sincerely

Frank Coldwell
