Dear Professor Menezes

### **SUBMISSIONS: QUEENSLAND RAIL'S DRAFT ACCESS UNDERTAKING 2 (DAU2)**

I am pleased to provide Queensland Rail's submission in response to the Queensland Competition Authority's (QCA) request on 19 October 2018 for collaborative submissions on submissions received from industry stakeholders.

Queensland Rail has engaged with key stakeholders on the issues raised in their submissions. However, given the timeframe allocated and the complexity of some of the Issues it has not been possible to finalise positions. It has been agreed to hold further discussions in an endeavour to reach consensus positions on key issues post lodgment of this submission. We anticipate that it will be possible to make collaborative submissions once those discussions have progressed.

We have however, in our submission addressed key points raised, and provided Important clarifications to industry submissions on Queensland Rail's DAU2 submission. We have also provided two expert reports on some of these matters, supplementary to the reports provided with Queensland Rail's original submissions upon lodging DAU2.

If you have any questions please do not hesitate to contact Douglas Jasch, Manager Policy and Regulation, on 3072 0544.

Yours sincerely

**Nick Easy**
