Queensland Competition Authority
GPO Box 2257
Brisbane QLD 4001

Dear Mr Hall

2012–13 Bulk Water Grid Service Charges

I am writing in response to your letter dated 10 February 2012 (File Ref: 423398) regarding 2012–13 Bulk Water Grid Service Charges and request for information.

Please find attached the 30 November 2011 SEQ Water Grid Annual Operations Plan submitted to the Queensland Water Commission. This Plan is not approved; however, the Queensland Water Commission has directed “that the SEQ Water Grid Manager must issue Grid Instructions in accordance with Section 5.1, including Attachments 1, 2, 3 and 4, but excluding Attachment 7 and Figure 10; and Section 5.5, until a new Annual Operations Plan is approved or the Queensland Water Commission notifies otherwise.”

While Attachment 7 was not included in the sections to be used in preparing Grid Instructions, this attachment contains the tables of estimated production and transfer volumes that were provided to Grid Service Providers for use in the budget submission process.

The next revision of the Annual Operations Plan is not required to be submitted until 31 May 2012. A copy of this will be forwarded as soon as it becomes available.

A copy of the Grid Service Providers invoices during 2011–12 up until 29 February will be provided at a later date, once February 2012 invoices are received.

If you have any queries, please contact Mr Daniel Spiller, Director Operations, on telephone 3405 0364 or via email at daniel.spiller@seqwgm.com.au

Yours sincerely

Barry Dennien
Chief Executive Officer
