Dear Sir Madam

I am a committee member of the SunWater Bundaberg Irrigator Advisory Committee elected by Gooburrum Channel System Irrigators to represent their interests in relation to scheme operations and water supply issues and improvements with SunWater.

I wish to be registered as an interested party and wish to participate in local stakeholder meetings and receive issues papers and reports related to the investigation.

SunWater identified the Notional Transparent Lower Bound Price at \$38.62 Part A and \$8.48 Part B for the Gooburrum Channel system. We were subsequently charged \$36.45 Part A and \$26.03 Part B. At the time SunWater advised that the part B charge was predominately electricity.

These charges have since had CPI placed upon them and currently we are paying \$41.60 Part A and \$29.72 Part B.

Clearly we are paying for electricity that we do not get and we wish to have this inequitable postage stamp pricing port stopped

Yours Faithfully

Jay Hubert
