

SECOND ROUND CONSULTATION – ISSUES ARISING

[This note records issues identified, and views expressed, by stakeholders present at the meeting. The Authority is yet to form any opinion on these issues and views. As appropriate, issues will be addressed in the Authority's reports].

Scheme: Cunnamulla Water Supply Scheme

Date: 30 March 2011

Process Issues

- Although acknowledging the teleconference as a success, stakeholders would prefer a regional meeting for Round 3 consultation.

Scheme Specific Issues

- A breakdown of individual costs on invoices, as opposed to a single amount, is preferred.
- Investigating local irrigator involvement in maintaining the weir to reduce costs is warranted.
- Allan Tannock Weir is a basic, low cost structure. Apportioning such large amounts of overhead costs is not justified.
