Brisbane QLD 4001

Dear Malcolm,

**Goonyella to Abbot Point Expansion (GAPE) Draft Amending Access Undertaking**

In April 2013, Aurizon Network submitted to the Queensland Competition Authority (QCA) a Draft Amending Access Undertaking (DAAU) for the Goonyella to Abbot Point Expansion (GAPE).

Aurizon Network would like to withdraw and resubmit the GAPE DAAU in order to expedite the approval of a set of 2013/14 transitional tariffs for the GAP system. In order to facilitate the consultation process, Aurizon Network has simplified the proposed set of amendments to the 2010 Access Undertaking.

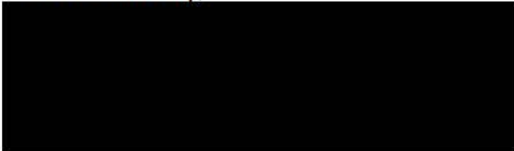

Aurizon Network considers that in light of the recent submission of the 2013 Aurizon Network Draft Access Undertaking (UT4), a number of changes originally proposed for the 2010 Access Undertaking (UT3) would be better addressed as part of the UT4 consultation and approval process. The April 2013 GAPE DAAU has been marked-up to reflect the original UT3 Access Undertaking.

Please find attached the revised GAPE DAAU, noting that there has been no change to the Explanatory Notes. The revised GAPE DAAU is based on the 2010 Access Undertaking and includes the GAPE tariffs as per the April 2013 submission.

Aurizon Network appreciates the submissions made by stakeholders in response to the GAPE submission, and will seek to address comments and concerns through a series of customer meetings to be held prior to 30 June 2013.

Please don't hesitate to contact Matthew Cronin on [REDACTED] if you have any questions or concerns.

Yours sincerely,

Chief Executive Officer  
Aurizon Network Pty Ltd

5 June 2013
