Dear Ms Bains

EC adjustment charge submission 2022–23

On 16 February 2023, the Queensland Competition Authority approved Aurizon Network's 2022–23 electric energy charge (EC) adjustment charges submission (totalling \$37.7 million). Aurizon Network sought to recover from access holders the difference between actual access charges paid for financial year 2022–23, and the final access charges the QCA approved in November 2022, through the EC draft amending access undertaking (Electric energy charge DAAU).

We will publish this letter on our website for stakeholders' information.

I am happy to discuss any questions you may have on this or any other matters. Should your staff have any specific queries, please direct them in the first instance to pag.arao-arao@qca.org.au.

Yours sincerely

Charles Millstead
Chief Executive Officer
